EDUCATION

Georgia Tech Online Bootcamp: Coding 2022

University of Houston 2019

Bachelor of Science: Mechanical Engineering Technology

Society of Manufacturing Engineers Member

3.10 GPA

James E. Taylor High School 2013

National Honor Society Member

Family, Career, Community Leaders of America Member

3.81 GPA

RELEVANT COURSES

- Automated Manufacturing System
- Engineering Graphics
- Industrial Work Measurement
- Quality Control Technology

PROJECTS & ACHIEVEMENTS

Certification of Achievement – Mechanical Engineering Technology Dec 2019

3rd Place of Senior Design Project – Solar Energy Boat Jan 2019 - Dec 2019

Member of Society of Manufacturing Engineers Aug 2014 - Dec 2019

Senior Design Project – Blade Sensor Aug 2014 - Dec 2014

EXPERIENCE

HMC Instrument and Machine Works Ltd. April 2019 - Current

Quality Control Inspector

- Maintained control of quality records of data pertaining to components of offshore oil rigs requested by customers and materials stored in Quality Control area via FIFO method.
- Monitored product packaging, coordinated inspections for offsite locations.
- Identified, labeled and controlled nonconforming product during manufacturing processes.
- Maintained, used, handled and verification of inspection, measurement and testing using measurement tools such as micrometers, calipers, height gauges and CMM.

PROFESSIONAL SKILLS

- AutoCAD
- CREO
- Inventor
- Microsoft Office: Excel, Outlook, PowerPoint, Word
- SolidWorks

PERSONAL SKILLS

- Bilingual in English and Korean
- Creativity
- Problem Solving
- Teamwork
